FIVE CENTS

FUR - COATS.

A word about these is not unseasonable just now. There is no denying the fact that for a cheap and reliable coat the Wombat "takes the cake." This coat is better known as the Australian Bear and while it costs comparatively little there are few coats made that will out wear it. Early this season we secured 50 of them--and not an unprime one among them, which we can and will sell for less than anyone else in Brandon. Come and see them.

Of course there are other Fur Coats--lots of them among which, the most trustworthy are the "Coon" "Bulgarian Lamb." "Bison," "Kangaroo" & "Moshoni."

Later we'll have something to say about these coats--till then watch our big new window, there'll be something there that will interest you if you want to buy a fur coat.

When calling on us ask to be shown that elegant, dressy overcoat of heavy serge, ornamented with frogs and loops and a large rolling storm collar at \$12.50.

MILLER & CO.
BOSTON CLOTHING HOUSE,

MURDERER SHOT DOWN.

READ DARR, Nov. 14.—Another tragedy has resulted from the murder of P. O. Skasmt at Edmonton last week. Skasmt arrived in Edmonton on Tuesday, the day previous to his murder, and was accompanied by a man named Ole Mickleson. Both were Norwegians, and came from McIntosh, Minn., where Skasmt's body was found. A search was made for Mickleson, and as he could not be found in the town suspicion immediately rested on him as the murderer. No trace of him could be found until this morning, when a man answering to his description was seen walking down the railway track by a settler. The settler fired a shot, and the man was Mickleson, and he fell. He spoke of the murder and accused him of being the murderer. The stranger offered \$100 to be allowed to escape. This was refused, and Mickleson immediately drew his revolver and, with the utmost deliberation, fired a shot at the settler. Fortunately neither shot effected, and the settler hastened to give the alarm. A posse was soon organized in the town and started in pursuit. They came upon Mickleson near where the settler had parted from him. He was desperate and commenced shooting indiscriminately. A brisk fusillade ensued. Mickleson would not surrender and stood his ground like a wild animal at bay. Finally a settler from the posse brought him down, and he expired in half-an-hour. On the body being searched the sum of \$317 was found, supposed to be Skasmt's money. The latter was found from McIntosh, Minn., that his father had about that sum with him. \$250 was offered as a reward for Mickleson's arrest by the authorities here.

WHITEWOOD WHISPERS.

WHITEWOOD, Nov. 9.—One of the most entertaining events which has taken place in Whitewood occurred here last evening in the large stone school house, and was given up by the Presbyterian Ladies Aid Society, assisted by the two church organists, Mr. Morrison and Mr. Beattie. At the entrance, which was a large and attractive one, had partaken of the many good things provided by the ladies there was an entertainment by some of Whitewood's best musical talent, which it may be truthfully said is not excelled in many of the towns of the northwest.

The opening piece on the programme was entitled "Floating down the river," and was well rendered by the school children, assisted by Misses Morrison and Beattie. The next was a song and chorus by the girls club, entitled "Rumbling, rumbling, rumbling," which was rendered with much effect. Then followed a violin solo, "Dream of Jock," by Mr. Johnston, which seemed to possess the audience immediately. The next, "Sing to me the old Scotch songs," by Wm. Service, whose voice always charms the listeners. Mr. L. H. Hart then followed with a song in character, "When McGinnis draws up the door," which fairly enraptured the audience with laughter. Mr. Morrison and Mr. Beattie then sang a duet, entitled "The pilot brave," which was beautifully rendered, showing beyond a doubt their expert training. The singing of "Love's old sweet song" by Mr. Beattie elicited forth raptures of encore from the audience. The last on the programme, but not by any means the least, was a song by Mr. Morrison, ably accompanied by Miss R. Park on the organ, entitled "Gates of the west." This was one of the best on the bill.

All were heartily enjoyed and came forward and responded by singing another song, and Mr. Johnston, who played another violin solo. The singing continued about an hour, and was closed by the crowd all joining in singing "God save the Queen." The proceeds, which amounted to about \$100, were applied to the aid of the school house. The Ladies Aid Society was organized only about one year ago, and has at this time increased about \$100.

LORD SELKIRK TO MARRY.

A Descendant of the Founder of the Red River Settlement.

BALTIMORE, Md., Nov. 12.—High society has been thrown into a flutter by the announcement of the engagement of Miss Wynne Culver, of this city, and daughter of the late Patrick Culver, of the United States Engineering Corps, to Sir Philip Henry Brian Grey Selkirk, of Preston, Cheshire, England, a nephew of the sixth Earl of Selkirk, and an extensive landowner. The marriage is to take place early in the new year. The bride, it is claimed by her friends, is one of the most beautiful women in the world.

Roundtable Items.

ROUNDTABLE, Nov. 11.—We are having fine weather again and thrashing is about at a close. One of our farmers had an average of from 20 to 24 bushels per acre, and some have gone as high as 27.

The party of the season took place at the home of Mr. William Miller on the 8th inst. There were about 50 guests, who went a most enjoyable evening. Dancing commenced at eight o'clock, and continued until half-past ten, when the room was cleared and a sumptuous repast was provided, which was heartily appreciated. After supper dancing was again resumed, and was kept up until the two o'clock hours of the morning. Two carriages and a hack were called to be present, but did not put in an appearance, which was just as well, as they would not have been in it.

Mr. D. W. Shields has built a nice cottage, and has just got moved in.

NORTHWEST ELECTIONS.

YONKOS.—Mr. Insinger has been elected as member for Wallace, in the N. W. T. in the place of Mr. Reaman, deceased. This gives Mr. Haultain, the late premier, a majority over Mr. Cayley the present one, of two and breaks the deadlock.

GRENFELL.—The Conservative convention for the selection of a candidate for Eastern Assiniboia resulted in Mr. W. W. Macdonald being elected by the Conservatives to fill the position vacated by the Hon. Mr. Dewdney.

OTTAWA, Nov. 13.—Further developments concerning the trouble in the accountant's department of the House of Commons make it appear that Mr. Brewster and Mr. Bolton have by some means misappropriated \$2,000. Mr. Christie, Q.C., has been retained by Brewster to look after the matter for him.

THE ENGLISH CONSERVATIVE PROGRAMME.

No event in the recent history of the Conservative party in England approaches in importance the importance of the new programme adopted by the Conservatives in Edinburgh. The platform is liberal. The old Tory platform is replaced by an elastic one, which Mr. Balfour and other leaders think will enable Tories to think of the Duke of Bedford and extreme Tories think it incompatible with Conservative legislation, and dangerous to the success of party government. The transformation of the party is attributed largely to the liberalizing influence of their Canadian allies and partly to the leaders recognizing the necessity of the times. It is one of the strongest changes of the English life that an intense Tory like the Duke of Montrose should be president of these associations, confirming the people's views.

LIT A CIGAR IN BATTLE.

MANITOBA, Nov. 12.—A letter from Prince Rupert, describing the campaign in Dakota, says the surrender of the French at Dugby was due to the treachery of one of the black shovels, who was subsequently shot. A rout was narrowly averted by the courage of Col. Dadds and Capt. Keating in charging the front of the French line and a perfect storm of bullets swept the Dakotians lying in ambush. In this dangerous position Capt. Keating coolly lit a cigar, inspiring the men to renewed efforts, while Col. Dadds promised a reward to them for every black man captured. In the battle of Fognessa the French captured three Germans and Russians who were serving as volunteers of the Delany in France. These prisoners were afterwards tried by court martial and shot. The Amazons are said to have performed prodigious feats of valor and the influence of gin.

NEILL CREAM HANGED.

LONDON, Nov. 15.—Dr. Thomas Neill Cream, the poisoner, was hanged in Newgate prison this morning.

MACDONALD MEMORIAL.

A Tablet to the Memory of Sir John A. Macdonald.

LONDON, Nov. 14.—Next Wednesday in St. Paul's cathedral, Lord Roseberry will unveil the memorial of Sir John Macdonald, the first Canadian premier. Lord Ripon, the Hon. Sec. E. Foster, the Canadian minister of finance, the Hon. Sir J. J. C. Abbott, and ex-Minister of War Stanhope will be present. The Canadian high commissioner, Sir Cecil Tupper, is detained in Paris and cannot be present. The ceremonies will be of a very impressive character and many American and Canadian friends of the late premier will be present.

COMMUNICATION.

To the Editor of the Mail:

Sir:—Time and again we have looked, but in vain, for a full and complete report of the meetings of the School Board of the city of Brandon, in your valued paper.

We find therein reports of the meetings of the City Fathers—the Mayor and the Aldermen. We are interested in those for the "City Fathers" expend much of our hard earned money. We are equally interested in the meetings of the School Board, for it actually expends thousands of our dollars in providing for the education of the children of the city. Probably the work is done to the best advantage—in the opinion of the Board. Yet others do not see matters in the same light. A few instances allow us to remind you that a short time ago the Council appeared to differ very considerably with the School Board regarding its expenditures.

We have seen in some of the city papers meagre reports of the meetings of the Board. We are not satisfied with these. If in the past we had been favored with full reports the ratepayers would be in a better position to judge whether the best results were arrived at or not. We wish you would send your best reporter to the School Board meetings and require from that reporter the best possible report of each meeting. Let us hear the reasons, why and wherefore, that lead the Board in its actions and its expenditures. Many of your subscribers will thank you and among them will be Yours truly,

A NOMINATION.

The *Manitoba Liberal*, owned in part by Joseph Martin's law partner, works itself into a foam because Mr. Daly was not opposed on his late re-election. Here is a specimen of its utterances:

"The *Winnipeg Tribune* at least speaks out strongly for the opposing of Daly in Selkirk. It is a pity it did not do so from the first. If it had, there is no doubt but that an opposing candidate would have appeared on the scene. The *Tribune* does not know its power for making and crystallizing public opinion." Here, again, is an utterance from the *Tribune* of the 5th:

"Mr. C. R. Wilkes has just returned from Brandon. It is understood he was west looking after the Liberal nomination in Selkirk."

Now the public can learn from Mr. A. M. Peterson, the Attorney-General west of the faithful, that, a few days before nomination, Mr. Joseph Martin was also in Brandon, as the *Tribune* asserts Mr. Wilkes was "looking after the Liberal nomination in Selkirk." When, therefore, both Martin and Wilkes thought a Grit nomination was too heavy a flag for the Grits to carry, the Liberals should not blame the *Tribune* for refusing to hoist it. With such "Liberal leaders" as Martin and Wilkes abolishing separate schools in Manitoba and "Liberal leader" Laurier censuring them for doing so, the nomination of a candidate in Selkirk was no very easy task.

The election of a Democratic President in the United States is a step to bring our Grit friends to their senses, if anything will. As a rule the Republicans are the high tariff party, and our Grit friends used to say the Republicans in negotiating a Reciprocity Treaty would deal with none but them—they would have nothing to do with the Tories. When now it turns out that their friends are swept out of existence, it is an evidence the American public, no matter what the Republican leaders may say, prefer to deal with the Canadian Tories. It is not much unlike our Canadian Government will shortly open up correspondence with our Southern neighbors with a view to close trade relations.

MANITOU ITEMS.

Manitou, Nov. 11.—A happy event occurred here Wednesday forenoon, when Miss Nellie Bradley, an estimable young lady, daughter of Wm. Bradley, was united in marriage to Mr. Hennelberg, of Washington, Ont. Rev. J. A. McCulling tied the nuptial knot in the presence of a number of friends of the bride who was the recipient of a number of handsome presents. The happy couple left for Ontario by the afternoon express.

Dr. S. S. S. delivered an eloquent lecture on the topic, "A voice from the cells," to a large and appreciative audience in the Methodist church on Monday evening. The doctor will lecture again here next Monday evening, his lecture being "Woman's fight with the demon."

There were no services in either the English or the Presbyterian church last Sunday evening. Mr. Hewitt being storm-stayed at one of his southern appointments and Mr. Caven being at the dedicatory services of the new Presbyterian church in Crystal City.

There is no truth in the report which has appeared in a number of provincial newspapers that Mr. Jas. Houston has been appointed customs agent at Morden. Mr. Houston is not a candidate for the position.

Chas. Parker, who has been in Brandon for the past two months, returned home Thursday. He will continue his course in the intermediate school here for a first class certificate.

TAE CALGARY BANQUET.

CALGARY, N. W. T., Nov. 12.—The banquet to the Hon. T. M. Daly took place last night, and was an immense success. Notwithstanding his painful accident, Mr. Daly appeared in good health, though he entered the hall on crutches. Major Lucas proposed "Our guest," and said, Mr. Daly was the right man in the right place. This seemed to be the opinion of all present.

Col. Irvine has arrived and assumed the responsibility of the wardenship of Stony prison, and from what we have heard from individual members of the staff, is admired by all his officers. His worthy deputy, D. D. Bourke, may now be seen going his rounds, and needless to say there is not much mischief his eye. With these men at the head of the institution the convicts are in safe keeping.

STRAYED.

"CAST DOWN BUT NOT DISCOURAGED."

Ever since we cut the Price of Patent Medicines down to a reason-
able profit, the fancy retail druggists have been trying to get our supply
of these goods stopped. They have succeeded and are now congrat-
ulating themselves. While THE CHICAGO STORE is in sackcloth and
ashes views them from afar as they dance to the tune of high price.

The following letter explains itself:

ANDREWS & CO., Chicago Store.

Winnipeg, Oct 29th, 1892.

Gentlemen:—

It has been reported to us that you are selling patent medicines at less than
regular retail prices. If this is true it will be impossible for us to continue to sell these goods to
you, as this is one of the stringent conditions upon which proprietors of most patent medicines sell
to us, and we cannot take the risk of having our supply of these goods cut off.
We would be glad to hear from you on the subject. Yours truly,

BOYLE, WYNNE & CO.

We had expected this for some time and so were prepared with a heavy stock of medicines which we shall continue
to sell at cut prices regardless of the combinations of high priced retailers and bloated manufacturers.

He will be laid up here for a few days, after which he will return to Brandon. He has cancelled all engagements except the banquet here this evening, which he will attend.

THE BAZAAR.

The Bazaar, which was opened last Wednesday by the ladies of the Roman Catholic church, ought to be a great success, as there is an assortment of work that has only to be looked at to be admired.

Our motto was kindly shown over the building by Miss Bertrand; there were many things that he saw and wished to purchase both on account of their beauty and cheapness. Really some of the work was of a very high quality, and the things that most attracted the reporter were their price, which appeared to him to be at least 100 per cent cheaper than the usual price of fancy bazaar.

Mrs. Barclay and Mrs. Parnell will be found behind the counter. Other ladies will be canvassing for the sale of tickets in different parts.

Musical singing by both ladies and gentlemen, will know in musical circles in Brandon, will take place every evening.

Refreshments will always be on hand and a special exhibition in the Opera Hall, Brandon, by Messrs. Huston Bros. of Galveston, Texas. There will be an excellent scientific display. One of the brothers is the heavy weight champion of Texas, and the other the middle weight one. An invitation will be given to any one wishing to spar.
